DRIVEWAY APPROACH: CONCRETE ASPHALT

STANDARD REQUIREMENTS:

- Before excavating, contact Diggers Hotline at 259-1181 or WWW.DIGGERSHOTLINE.COM to locate underground utilities.
- Engineering Division must be notified (768-6541) for inspection before concrete or asphalt is ordered. An inspection will be performed within 24 hours from the time the approach is ready to be installed.
- Driveway approach to be installed in accordance with City of Oak Creek Engineering Division driveway approach specifications and requirements.

*****OFFICE USE ONLY*****

- Driveway approach is in an interim street section. Future driveway approach modifications may need to be made, at owner's expense, to accommodate the permanent road section.
- Urban Driveway Approach Specifications apply (Sidewalk)
- Rural A Driveway Approach Specifications apply (Ditch Section)
- Rural B Driveway Approach Specifications apply
