

Home Occupations

Home Occupations are permitted accessory uses in any residential district, not requiring a building permit, provided that

1. The primary use of the structure shall be as a dwelling unit.

2. The following standards shall be complied with in full at all times:

- No person other than resident of the dwelling unit shall be engaged or employed in the home occupation on the premises
- No mechanical equipment shall be utilized except that which is necessarily, customarily, or ordinarily used for household or leisure purposes
- No toxic, explosive, flammable, combustible, corrosive, etiologic, radioactive, or other restricted materials shall be used or stored on the site except those which are necessarily, customarily, or ordinarily used for household or leisure purposes
- There shall be no outside operations, storage, or display of materials or products
- Total storage of materials or products used in the business shall not exceed 128 cubic feet in volume
- No alteration of the residential appearance of the premises shall occur, including the creation of a separate entrance for the home occupation
- No process shall be used which is hazardous to public health, safety, morals, or welfare
- Visitors, customers, or deliveries shall not exceed that normally and reasonable occurring for a residence including not more than two business visitors per hour, not to exceed a total of eight visitors per day, and not more than two deliveries of product or material per week

- The home occupation shall not displace or impede use of required parking spaces, including any business storage in required garage parking areas
- No advertisement shall be placed in any media containing the address of the property.
